THE RELIABLE PART

NK INTRODUCES NEW PRODUCT AREA: **ENGINE MOUNTS**

Engine mounts are subject to tough challenges such as temperature differences and vibrations caused by road conditions.

Defect engine mounts have a significant negative impact on safety and comfort and must be replaced. In some cases, even cars down to 5 years may be subject to parts that need replacement.

With NK Engine Mounts, we offer a reliable product in matching quality and with dimensions according to the original parts.

- // Initial range includes almost 400 reference numbers covering the majority of the relevant European vehicle park.
- // Full rubber and hydraulic mounts.
- // Covering more than 28,000 car models.
- // Produced according to TS 16949 which is the highest and most comprehensive quality assurance standard in the automotive industry.
